

## **Dream Yacht Worldwide Expands Personalized Crewed Sailing Experiences in the Bahamas and Virgin Islands**

*New Platinum crewed charters are now available in partnership with Paradise Yacht Management*

**CLEARWATER, FL, JUNE 2024** – [Dream Yacht Worldwide](#), a leading global sea-based vacation company, in partnership with [Paradise Yacht Management](#), have announced a new 'Platinum' range of private crewed charters in the Virgin Islands & Bahamas.

In response to increased interest and demand among U.S. travelers in these destinations, these new Platinum service yachts offer an even more elevated personalized sailing experience – and as with most Dream Yacht sea-vacation offerings, no sailing skills are required. A great option for non-sailors or those who simply prefer to have someone else at the helm of the boat, these five new yachts, which range in size and model, each feature its own boat-specific crew, the option for a tailor-made menu based on personal preferences, as well as personalized services and board amenities. The new Platinum options take Dream Yacht's personalization opportunities a step further in destinations that are popular with U.S. travelers.

"Dream Yacht Worldwide provides exceptional sailing experiences in some of the world's most beautiful destinations", shared Dan Lockyer, Deputy CEO, Dream Yacht Worldwide. "This new offering and partnership allows Dream Yacht to not only enhance our on the water vacation experiences with new options for non-sailors, but also expands our fleet. Paradise Yacht Management is the leading exclusively-crewed charter yacht management company in the Caribbean, and we look forward to expanding our partnership and these Platinum crewed sailing opportunities even further."

The Virgin Islands as well as the Bahamas are some of the most beautiful cruising grounds and easily accessible from the U.S. mainland. In the Exumas chain in the Bahamas animal lovers can swim with nurse sharks, encounter swimming with pigs, and feed iguanas, all while enjoying some of the bluest blue in this remote, unspoiled natural paradise. The U.S. Virgin Islands, where most of Dream Yacht's 'Platinum' crewed yachts are based out of, have much to offer too, including some of the best powdery white sand beaches and seven expansive national parks for hiking and adventure.

Dream Yacht's 'Platinum' crewed yachts are also licensed to sail to the British Virgin Islands. Offering travelers the unique opportunity to benefit from shorter, cheaper flights to St. Thomas to get on board sooner while still enjoying the lively atmosphere and fun beach bars, giant boulders, and fresh lobster dinners the British Virgin Islands are famous for.
